

ICVR is an international conference series that provides an in-depth presentation of novel technologies and clinical developments in the field of virtual reality and associated topics applied to rehabilitation. In 2015, we are partnering with the International Conference on Recent Advances in Neurorehabilitation (ICRAN 2015) and International Neurorehabilitation Symposium (INRS 2015) to create a framework for researchers, clinicians and technology experts to meet, share experiences, and plan for the future. We invite submissions for papers, posters and workshops related to:

- Motor and/or cognitive rehab
- Gaming / low cost systems
- Haptic interfaces
- Tele-rehabilitation
- Knowledge translation
- Brain computer interfaces
- Vestibular and balance rehab
- Rehabilitation robotics
- Psychological and environmental rehabilitation
- Regulatory, educational, sociological, demographic, legal aspects of VR

### Timelines

- Paper, Poster and Workshop submission deadline: **January 12, 2015**
- Notification of the review decision: **March 16, 2015**
- Final camera-ready paper due and deadline for registration of at least one author: **April 13, 2015**

### Paper Format Guidelines

- Papers should describe original and unpublished work with substantial results or novel methods or techniques.
- Papers should be 6-8 pages, double column, formatted according to IEEE conference proceedings template (see below). The 8-page maximum limit includes images, figures, tables and references. All papers must include the title, an abstract, keywords, author's names, affiliations, postal & e-mail addresses and contact author for the paper.
- Submissions not accepted as papers will be considered as a poster & must adhere to poster format guidelines.

### Poster Format Guidelines

- Posters should describe original and unpublished work and may describe work in progress. Poster abstracts should be 1-2 pages, double column, formatted according to IEEE poster template (see below). The page limit includes images, figures, tables and references. All posters should also include the title, an abstract, author's names, affiliations, postal & e-mail addresses and contact author for the paper.

### Submission Guidelines

- Authors must use the IEEE conference proceedings format obtainable at: [http://www.ieee.org/conferences\\_events/conferences/publishing/templates.html](http://www.ieee.org/conferences_events/conferences/publishing/templates.html)
- Submission will be via the conference web site: [www.virtual-rehab.org](http://www.virtual-rehab.org)

### Publication(s)

- Proceedings will be distributed at the conference on a flash drive; published papers and posters will become part of the IEEE Xplore Online Library, carrying the IEEE © notice, provided that at least one author has registered for the conference by April 13, 2015 and the paper was presented at the conference. We aim to arrange special issues in relevant journals.

### Workshop submissions

- Proposals for workshops should be submitted (in pdf format) via email to [icvr2015workshops@gmail.com](mailto:icvr2015workshops@gmail.com)
- Include the title, names and contact information of the workshop organizer(s), name and short bio for each workshop presenter, description of intended participants, description and goals of the workshop, and format and timeline of the workshop content.
