

13<sup>th</sup> INTERNATIONAL CONFERENCE ON VIRTUAL REHABILITATION

ICVR 2019

<https://virtual-rehab.org/2019/>

Tel Aviv, Israel – July 21-24, 2019

Affiliated with the International Society for  
Virtual Rehabilitation [www.isvr.org](http://www.isvr.org)

## Instructions for Platform Presentations

Platform talks will be **15 minutes** each (12 min presentation and 3 min for questions and answers). The timing allotted to each presenter will be strictly enforced by the session co-chairs. Please consult the program posted on the ICVR website (<https://virtual-rehab.org/2019/program/>) to see the day and time of your session. If for any reason you cannot make the time you were assigned, please contact Geoff Wright immediately: [wrightw@temple.edu](mailto:wrightw@temple.edu).

**Uploading your presentation** Due to the tight timing of the program, we strongly request that you present via the conference computer located at the lecturer's podium. It is equipped with a computer that uses the Windows operating system. Outside of the conference hall, there will be a technician with a distinct computer to upload the presentations before and during the conference. Please bring your Power Point presentation on a thumbdrive (i.e., memory stick, disk-on-key) and make sure to upload it at least one hour before your sessions starts.

Mac users should save their presentations as a ppt or pptx file since there is no support on the conference computers for Keynote files. In exceptional cases, where Mac users cannot save the presentation as a ppt or pptx file, they will **HAVE TO BRING THEIR OWN LAPTOP AND ADAPTER CABLE. PLEASE NOTE THAT NO TECHNICAL SUPPORT CAN BE PROVIDED BY THE CONFERENCE CENTER STAFF FOR MACS AND PROBLEMS CONNECTING YOUR MAC.** Mac users will be responsible for their own presentations.

Please contact Einat Bar-Ilan - [einat@hs-events.co.il](mailto:einat@hs-events.co.il) if you anticipate needing to present from a Mac computer or any other questions concerning your presentation materials.
